A Heart to Heart Talk With You About

Lace Curtains AND Mattings

Now lace curtains is an article that is priced by some dealers according to how much they can get for them and if you buy them on the installment plan it's five times their value—the first payment about pays the cost of the curtains. We have this to say:

In our window this week we are showing the prettiest assortment of curtains in the city. We know we bought them right, hence can sell them right. For instance: A 3 or 3 1-2 yard lace curtain, worth usually \$2.50 a pair. We sell them for \$1.25 pair; our profit is just 25c on the pair. We have them up to \$5.00.

A very few words about mattings: This week white China matting, 80 pounds to the roll 25c yard. Just 40 pieces arrived Friday and we are 10c to 5c yard below the regular price. Suppose you try us?

Remember our shoe stock when you buy shoes.
